

Resume

•SMART•mark

Get him in tomorrow for an interview.
- Sandra

OBJECTIVE

- Seeking a job in your company as a marker maker.

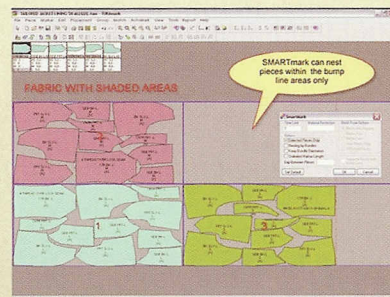

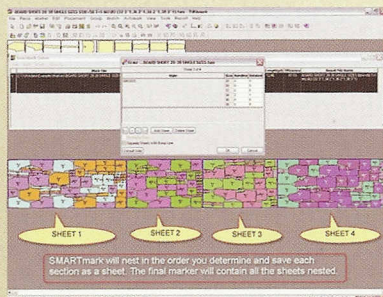

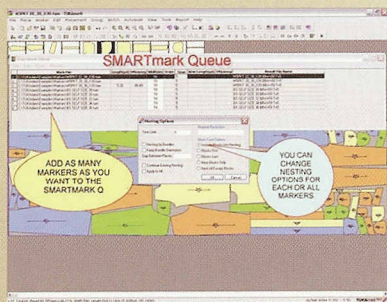

MISSION STATEMENT

- Will work 24/7 without overtime or vacations
- Will never complain or ask for benefits
- Will produce markers to maximize fabric consumption
- Best marker maker in the industry
- Can work with any CAD system

SKILLS

- I give better results than the best manual marker makers, in 1-3 minutes.
- I can queue up many markers at a time and work automatically
- I can do ratio or single size markers.
- Use bump lines to control markers on fabric with shade variations.
- Create fuse blocks, utilize width variations, even place partial markers manually and let me finish it.
